

C. & A. HOLD 22ND ELEVEN TO 0 TO 0 SCORE AT DOUGLAS

C. & A. 0; 22nd 0.

Bill Gallagher's C. & A. football aggregation returned from Douglas Sunday night after the most exciting football game yet this season. A scoreless tie, it nevertheless shows the mud digger aggregation as strong as any in the state, perhaps the strongest, as the Arizona University eleven has refused to clash with the local boys and there can be only one interpretation to their refusal.

The C. & A.'s opposing gridiron warriors Sunday had among their lineup the regiment's great third baseman, Banks, who captained the team, and a hucky named Baboose, who was the hardest proposition the locals ever attempted to stop.

At that the Warren boys came within a hair of scoring once, being within five yards of a touchdown, only to lose on an intercepted pass, when the ball went to the other side which kicked out of danger.

Ligon, who opened at right end for

the miners, made a fifty yard gain on a forward pass during the second half, which sent terror into the hundreds of army rooters on the side line, only to be injured and taken from the game.

Wilson, a former Kansas University football letter man and a new addition to the miners' squad, ran the C. & A. eleven like a whirlwind and has gained a permanent place on the husky team. Miners, also a new half who hails from the coast, did some pretty work. Laswell, another newcomer, from the coast, will be seen in next Sunday's lineup.

Next Sunday the C. & A. will clash with the fast Indian team, all members of Company F, Arizona Infantry encamped at Naco, but who, in times of peace, attend the Indian school at Phoenix.

The Redskins are reported to weigh about fifteen pounds to the man more than the miners and to have one of the most perfect, frictionless machines ever seen on a local gridiron.

The lineup were:

C. & A.—Hughes le, Wilkins lt, W. Monahan ls, Mulcahy c, Jones rs, Doan rt, Ligon, Bidwell, Crouch re, Wilson, Thomas lh, Wright, Minners rh, Thomas, Wilson q, Boat lb.

22nd Infantry—Rash le, Stewart lt, Vermiling ls, Barendt c, Rains rs.

Torrence rt, Wilhelm re, Murphy lf, West rh, Baboose lb, Banks q. Referee—Bloom, Douglas high. Umpire, Potter, Bisbee high. Timekeeper, Laurensen, Bisbee high. Linesman, Lieutenant Herrick, Eighteenth Infantry. Time of quarters, 15, 10, 10, 15.

PRETTY GIRLS.

"The Girl from the U. S. A." which will be at the Orpheum next Friday night, is said to carry the best trained and prettiest chorus in musical comedy. The wardrobe is elaborate; fifteen changes are made during the action of the show. The costumes were designed by Mme. Mozart, the well-known French costumer, and surpass anything that she has yet designed.

TRAVELER IN.

Robert E. Vasse, representing Erickson and Sabin, of Phoenix and Albuquerque, big commission brokers, is a visitor in the city from his headquarters at the capital. Vasse says that business, in general, continues to pick up.

ODESSA, Oct. 30.—Russian, Serbian and Rumanian forces in Dobrudja have assumed the offensive, according to the semi-official news agency Odessa correspondent.

ROSE WINSLOW WILL SPEAK AT CENTRAL THEATRE WEDNESDAY

Noted Exponent of Woman's Suffrage from the East Will Appear in District Tomorrow Evening to Discuss Issue.

Rose Winslow, that astonishing young Polish-American factory girl who has been in Arizona for the last month talking for the Woman's Party on behalf of Federal Suffrage, will be in Bisbee Wednesday night, speaking at the Central Theatre, Lowell, at half

MISS ROSE WINSLOW

past eight o'clock. Lowell is chosen by the local members of the Woman's Party as the place for this meeting, because of the miners living in that section, who are anxious to hear this girl, the daughter of a miner.

Miss Winslow makes an especially poignant appeal to the men and women of labor. In her meteoric rise up from the slums and the factories of her childhood, she has never turned her back on her own class. She is, she says, in the national suffrage fight because she feels that the women of labor need it.

Miss Vivian Pierce, a San Francisco newspaper woman, who is arranging Miss Winslow's meetings in this part of Arizona, arrived in Bisbee yesterday. Miss Pierce is an organizer for the Woman's Party, the infant child of the most militant of the suffrage organizations, the Congressional Union. Miss Pierce feels that the Woman's Party has but begun its political career, and declares that Rose Winslow's appearance in the present

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache; no hawking, sniffling, mucous discharges or dryness; no struggling for breathe at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly.

It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address: F. J. CHENEY & CO., Toledo, O. Sold by all Druggists. Take Hall's Family Pills for constipation.

Arizona's Greatest Gold Strike

JEROME NEWS
OCT. 6TH.

What experts from the worlds greatest copper camps say about the Glory Hole Bonanza

"one of the Greatest Gold Mines on Earth"
THE GLORY HOLE

SEE GLORY HOLE AND SOME OTHERS

JEROMITES HIGHLY IMPRESSED WITH MINES OUT ALONG THE A. & C.

Bubbling over with enthusiasm, J. W. Hudgins and Harry Crain returned a few days ago from an auto trip into the Wenden and Salome country. Both are firmly convinced of several things. They believe that the Harqua Hala and Glory Hole are two of the biggest gold mines on earth, and also that a mining boom which will make the present activity pale into insignificance will soon start along the A. & C.

At the Glory Hole Crain and Hudgins panned a number of samples from the workings and also from the big 100-foot ledge which is such a prominent feature of the landscape. They were allowed to take their samples anywhere, and not one of their pans failed to show colors. Dick Wick Hall, who is in charge at the Glory Hole, lets anybody carry off all the samples he wants for panning or assaying. By pursuing this method he has proven to hundreds of people that his own assertions regarding the present showing at the Glory Hole are not exaggerated but are extremely conservative.

THE GLORY HOLE may not be the biggest gold mine on earth—but it is going to make some of the big ones look to their laurels when it is developed more. Glory Hole high grade is not half copper but "ALF GOLD," worth over \$100 a pound just as dug from the ground. Our main big ledge, which we are just starting to develop, is over One Hundred Feet wide in places, the Mother Lode of the district—and hardly scratched yet.

The Glory Hole Bonanza Mines Company has bought and sold for the Glory Hole and now OWN IT. PAID FOR. The total capitalization of the company is ONLY \$150,000—and almost half the stock is in the treasury yet. We are working day and night opening up this famous property. We have just struck the ore right up in the main big ledge. Everything looks as if we had one of the big gold mines of the West and were about to open up some bodies of bonanza ore in the main big ledge when our tunnels cut into it underneath where we have struck it on the surface.

Consolidated Virginia went from 17c a share to over Six Hundred Dollars a share when they struck their Bonanza Ore Bodies. Glory Hole may do as well if we get the ore bodies were are on the track of, which engineers, geologists, mining men, miners and others say WE WILL. Time and work will tell. IF YOU NEVER TAKE A CHANCE YOU NEVER HAVE ANY CHANCE TO WIN and if you buy 1,000 shares of Glory Hole today at 15c a share while you can, and we break into big high grade ore bodies and the stock goes to even \$10 a share, your \$150 invested today WILL MAKE YOU \$10,000. If the stock goes to \$100 a share \$150 invested today will make you \$100,000. STRANGER THINGS HAVE HAPPENED. They may happen again.

A small allotment of stock is now being offered at 15c a share, full paid and non-assessable. This block will soon be oversubscribed and the price will then be raised to 25c or more a share. If you want to take a good clean legitimate chance in a famous mining property where you can get in on the ground floor and the investment of a small amount now may mean a fortune for you.

Buy Glory Hole at 15c

Send for illustrated folder showing scene of new strike, wire reservation for number of shares you want or mail remittance. The price may be advanced any day now as we are working day and night following the ore channel from the famous Glory Hole pit right up into

the main big ledge and are apt to open up high grade any round of holes—and when we do you will pay dollars instead of cents to get Glory Hole stock.

IT ONLY COSTS YOU TWO CENTS TO FIND OUT MORE ABOUT IT.

YOURS, ON THE BONANZA ORE TRAIL AND MINING IN THE GROUND,

campaign in the suffrage states has been a brilliant index of the clearness of vision and inherent soundness of this organization of women politicians who claim they are merely putting "suffrage first."

"Rose Winslow," says Miss Pierce feelingly, "would never have found her voice but for national suffrage. She alone, I feel, since I have heard her in Arizona, would justify our claim in this state. Do you realize that this girl came to this country as a child, not speaking English, and became a little factory slave in Pittsburgh and Philadelphia at the age of eleven. In that gray prison of the textile mills she learned a new language and a new literature and began to yearn for self expression. In those days she walked four miles from the slums to the factory daily and stood at the looms ten and a half hours! She was turned out broken with tuberculosis while still a very young girl, and sent to a hospital on the borrowed money raised by her Lithuanian father and Polish mother. There were twelve other children in the family. They could not do much for the sick child. But Rose Winslow's amazing gift for words had already been discovered by the New York Woman's Trade Union League.

"She not only found her own way into the suffrage and labor movements, where she is now a dominating figure, but has found time on the side to write poetry of the most haunting power that seeing editors are beginning to recognize. Rose Winslow has appealed to governors for eight-hour and minimum wage legislation, and appealed in vain. It was this uphill fight for more just conditions made by the women who labor hopelessly

in the Eastern industrial treadmills, that turned her to the short cut to enfranchisement and independence that she feels federal suffrage offers to the Eastern woman wage slave. She led the first labor deputation of women that ever interviewed a president, when, during the 63rd Congress she pleaded for the women of her own craft to President Wilson. In her talk here she will touch on this great and pitiful deputation representing four million women and make it plain through the pages of her own life why the most exploited class of this country is now finding a voice in such young labor Joan of Arc as Rose. Miss Winslow places National Suffrage above politics. No one, however partisan, should miss hearing her next Wednesday."

FOUND GUILTY. According to Allen R. English, the Tombstone attorney, who arrived in Bisbee last evening from Nogales, Jack Fall, who was on trial last week for murder, was found guilty of the charge in the second degree. English, Judge Duffy, of Nogales, and S. K. Williams conducted the defense. It is understood that Fall will be sentenced today.

LEVINSKY OUTFIGHT.

NEW YORK, Oct. 30.—Billy Miske, of St. Paul, outfought Battling Levinsky in a ten round bout here tonight. Levinsky weighed 181 pounds, 10 1/2 heavier than his opponent, but Miske was on the aggressive throughout, having the better of six rounds.

SOMEWHERE IN MEXICO!!

Is just as vague a locality as is "somewhere in your system" when blood diseases attack you. Somewhere in the blood there is lurking the insidious poisons that promote such diseases as Rheumatism, Catarrh, Eczema, Scrofula, Malaria, and embarrassing skin eruptions. They are frequently of long standing, stubborn and deep seated, and labor heroic treatment in dialysis. It requires the vigorous treatment that features S.S.S., the world's STANDARD BLOOD MEDICINE. S.S.S. enjoys the personal endorsement of thousands of people. S.S.S. will cleanse YOUR blood, purify and revitalize it; rid you of the unit of BLOOD AND SKIN troubles that may have afflicted you.
